

Montserrat Guillén

Montserrat Guillén was born in Barcelona in 1964. She received a Master of Science in Mathematics and Statistics in 1987 and a PhD in Economics in 1992. She received a MSc in Data Analysis from the University of Essex (United Kingdom). Since April, 2001 she is Chair Professor of the Department of Econometrics at the University of Barcelona. She is currently Honorary Visiting Professor in the Faculty of Actuarial Science and Insurance at City University London. Previously, she was Visiting Research faculty at the University of Texas at Austin (USA) in 1994. She was also Visiting Professor of Insurance Econometrics at the University of Paris II.

Her research focuses on actuarial statistics and quantitative risk management. She has published many scientific articles, contributions to book chapters and books on insurance and actuarial science. She is an associate editor for leading journals in the field. She was awarded by the Casualty Actuarial Society and received the International Insurance Prize. She was President of the European Group of Risk and Insurance Economists, from the Geneva Association, in 2011. She has served in boards as well as scientific groups, international programs, steering committees and she has also conducted R&D joint programmes with many companies. She is member of the Royal Academy of Doctors and Academician-elect of the Spanish Royal Academy of Economic Science and Finance.
